### **DOCKSIDE GROUP WINS AT EEAA AWARDS FOR EXCELLENCE!**

Docksider Group has won at the Exhibition and Event Association of Australasia (EEAA) Awards for Excellence, winning in the category of "Best New Initiative – Venue" for its newest venue, Docksider Pavilion.

The premier gala event was held last night in Sydney and was attended by almost 300 people, representing organisers, association organisers, venues and suppliers from across Australia and New Zealand. The awards were judged by 30 independent Australian and International judges, showcasing some of the best in the industry over 16 categories.

"This is fantastic recognition for what we do best, working together as a team to go above and beyond for our clients." said Docksider Group's Managing Director, Christopher Drivas. "It shows that even after 30 years, Docksider Group can beat the competition by creating new initiatives that are market leading and ground breaking within this already dynamic industry."

The first of its kind in Australia, Docksider Pavilion has hosted over 200 elite events and welcomed 210, 000 guests during its first year of operation. The influx of foot traffic to the precinct has sustained the surrounding bars, cafes and restaurants through flow-on business, a key objective of the Darling Harbour Alliance and Sydney Harbour Foreshore Authority.

Docksider Pavilion is owned and operated by Docksider Group. For more information about Docksider Group visit [www.docksidergroup.com.au](http://www.docksidergroup.com.au)
